IODP Expedition 311 - Hole U1329A

The following figure shows the main LWD (Logging While Drilling) logs recorded in Hole U1329A during IODP Expedition 311. All the data displayed can be downloaded from the IODP logging database: http://brg.ldeo.columbia.edu/data/iodp-usio/exp311/U1329A

The figure was generated automatically, including the the estimation of ranges used for the data, and regardless of their quality. To get a more complete assessment of the quality of the data and a description of the processing, check the processing documentation: http://brg.ldeo.columbia.edu/data/iodp-usio/exp311/U1329A/documents/311-U1329A_info-std-lwd.html

ירבעל

The logs displayed are the main data recorded by each of the tools deployed.

The core data shown were collected from holes at the same site.
